Level 3 NVQ

Spectator Safety

The Level 3 Spectator Safety qualification provides the knowledge and competency components for the Advanced Level Apprenticeship in Spectator Safety. It is designed for those learners working or wishing to work in the match day and events stewarding industry at a supervisory level including a variety of sporting, festival or musical events. The qualification fulfils the requirements for stewarding set out by the government in the Green Guide.

The qualification provides learners with the knowledge and understanding required for spectator safety supervision such as:

- Preparing stewards and venues for spectator events
- Maintaining stewarding in designated areas and dealing with spectator problems and emergencies
- Dealing with accidents and emergencies
- Developing productive working relationships with colleagues

Eligibility

- 16 years of age +
- Responsible attitude and calm personality
- Be able to understand and speak English
- Already working within the role

Delivery

This qualification is completed through a portfolio of evidence acquired whilst working supported by an assessor.

Progression Opportunities

- Level 4 Certificate in Spectator Safety Management
- Level 4 Diploma in Spectator Safety Management
